Product Details

As more businesses become increasingly mindful of security practices, visitor name cards are a must. They allow staff to identify visitors at a glance so they can help them if they look lost, welcome them with a warm greeting, and make sure they're not entering areas that should be off-limits.

Visitor cards can take the form of custom visitor badges that are attached to lanyards and handed to people when they enter a building with the expectation that they return them afterwards or they can be single-use stickers that allow visitors to write their name in a blank space for easy identification.

Our planet-friendly digital printing process yields visitor cards with vivid colors and sharp images for a polished look. Visitor name cards are printed on high-quality paper stock or white labels with adhesive backing.

Highlights of our custom visitor cards include:

- Choose from 3 standard sizes or custom size visitor name cards
- Available in 4 finishes, including gloss, matte, and premium options
- Printing on one side only or both sides
- Rich full color digital printing
- Water-based ink with no chemical solvents

Can I have visitor name cards printed in a size not listed on the product page?

Yes, if you'd like to print visitor name cards in a different size than our pre-set options, simply choose the blank option in the drop-down menu for size, then manually enter your preferred width and height.
