Product Details

Table tents are a must for restaurants, cafes, bars, and coffee shops, but they have a number of other uses as well. A well-designed table tent grabs the attention of customers and compels them to make a purchase they might not have otherwise made, whether it's a dessert at a restaurant or a pedicure at a salon. Table tents can be used to announce upcoming events or welcome participants to conferences and meetings.

A table tent used to highlight wine or beer selections can look great with just a logo and simple text, to highlight seasonal dishes or advertise products and services, use colorful, high-resolution images to add more visual appeal. A large table tent is ideal for using at trade shows or to allow your message to be seen from a distance, while a smaller table tent is the standard for tabletop promotions at restaurants and cafes.

One of the most basic requirements of a table tent is that it has to be able to stand on its own, so high quality paper is key. Table tents are also meant to be noticed, which is why EnvironPrint should be your go-to source for custom table tent printing. We use a planet-friendly printing process that produces vivid colors and sharp images that will be sure to turn heads.

Frequently Asked Questions About Table Tent Printing

What types of paper are EnvironPrint table tents printed on?

We've carefully selected two paper stock options that (literally) stand up to the job of a table tent: 14 pt., 16 pt., and 18 pt. Each of these paper stocks is available in all four of our finishes.

Can I have table tents printed in a size not listed on your website?

Absolutely! If you'd like custom table tents made for your business in a different size than those we have listed, simply choose the blank option from the drop-down menu, then input your desired width and height.

How can I design table tents?

We make it easy to design your own table tents. Simply select one of our downloadable file templates, use it to design a table tent, then upload it to our website when you're ready to place your order. Table tents used for wine lists and to promote seasonal specials are often simple, so no graphic design experience is needed to achieve a professional look. For other purposes, you may want to invest in a skilled graphic designer to ensure that your table tents get attention for the right reasons.

Will my table tents come pre-assembled?

To facilitate easier shipping, your table tents will not come pre-folded or assembled. No worries, though—our table tent design makes it easy to put them together yourself.

What is the minimum quantity of table tents that I can order?

We have no minimum quantities at EnvironPrint, which means you can order a single table tent to ensure that you're happy with your design and material choices before you place a full order.

How long will it take to get my table tents?

If you need table tent printing fast, EnvironPrint will deliver! When you place your order for custom table tents, you'll be able to select your preferred printing time. Next, use our shipping rates and delivery estimates to choose a shipping option that gets your table tents to you on time. Choose our premium shipping speed to have your shipment delivered 1-2 days after printing is completed. If you are on a tight deadline and you need your project extremely quick, please call us immediately at 682-252-0578. We are happy to help no matter how tight the deadline.
