Product Details

Hang tags are a way to share additional information about a product with shoppers. They're designed to fit directly onto the package to showcase extra product highlights or prices. Hang tags can be used to highlight sales, promotions, rebates, nutritional information, and product features. With a well-designed custom hang tag, shoppers are more likely to notice your product.

When you choose EnvironPrint for your hang tag printing, you'll get a premium look with rich colors, sharp images, and high-quality paper stock.

Highlights of our hang tag printing include:

- Choose from 5 standard sizes or create your own custom size
- Printing on one side only or both sides
- Vivid full color digital printing
- Water-based ink with no chemical solvents
- Fast turnaround time

- 4 Business Days
- 3 Business Days
- 2 Business Days

IDEAS FOR USING Hang tags

Any retailer can make use of hang tags to promote sales and specials, but hang tags can also be printed by brands and sent to retailers as part of their promotional materials. Hang tags can be used to:

- Draw attention to new products
- Highlight key product features
- Promote rebates, sales, coupons, and specials
- Let shoppers know about a giveaway
- Share nutritional or dietary information about products
- Provide more detailed descriptions of products
- Offer ideas for using a product

FREQUENTLY ASKED QUESTIONS ABOUT Hang tags

What is the best size for hang tags?

The size you choose depends largely on the amount of information you will be sharing on your hang tag.

Can I print hang tags in different sizes?

Yes, hang tags can be printed in custom sizes, but we recommend checking to be sure that the size you'd like will fit on your product. If you'd like a custom size, simply choose the blank option in the drop-down menu next to size, then enter the height and width you'd like in the text fields.

What kind of paper is used for hang tags?

We offer 14 pt., 16 pt., and 18 pt. card stock for our hang tags. It's important for hang tags to be sturdy so they last a long time and look good hanging from retail shelves which is why we've carefully chosen the best card stock for the job. If you'd like to reuse your shelf talkers again and again, we recommend choosing the thickest paper option for the most durability.

How can I design custom hang tags?

While a simple hang tag that says "Sale" or "Special" can easily be designed by anyone with access to a graphic design program, we recommend using a professional graphic designer for hang tags that will feature a lot of text and images because it's important that hang tags look polished, are easy to read, and accomplish the job of drawing attention to a product. Download our file template, use it to create your design, then upload it to our website when you're ready to place your order.

What is the minimum quantity of hang tags that I can order?

We have no minimum quantities at EnvironPrint, so you can order a single hang tag to ensure that you're happy with the design and material choice before placing a full order. This is also ideal for situations in which you only need one hang tag to highlight a single product or promotion.

How long will it take to get my custom hang tag?

If you need hang tag printing fast, EnvironPrint will deliver! When placing your order for shelf talkers, use the drop-down menu to select your preferred printing time. View our shipping rates and delivery estimates to choose the shipping speed that works for your timeline. With premium our shipping option, your hang tag will be delivered to your door 1-2 days after printing is completed. If you are on a tight deadline and you need your project extremely quick, please call us immediately at 882-252-0578. We are happy to help no matter how tight the deadline.

WHY CHOOSE ENVIRONPRINT FOR CUSTOM HANG TAG PRINTING

At EnvironPrint, we prove that you don't have to compromise on quality to get planet-friendly printing for your business. We use sustainably sourced paper stock, innovative 3D-printed dies for folding, and water-based inks that are free of chemical solvents. We've been exceeding our customers' expectations by providing fast turnaround times, exceptional value, and responsive service. Place an order for custom hang tags today to learn why EnvironPrint is the best choice for sustainable digital printing.
